## PROFESSIONAL SUMMARY

Data Analytics Intern and B.Tech graduate in Artificial Intelligence & Data Science with hands-on experience in Python, SQL, Power BI, machine learning, and cloud platforms (AWS, Google Cloud). Proven ability to design end-to-end data pipelines, build predictive models, and deliver interactive dashboards that support business decision-making. Completed 2 virtual internships and 2 Google Cloud professional certifications, demonstrating a fast-learning, delivery-focused mindset. Seeking an entry-level Data Analyst or Business Intelligence role to convert data into measurable impact.

## KEY ACHIEVEMENTS

- Developed a voice-controlled AI assistant (NEXUS) with multilingual support and safe-search filtering, handling real-time speech-to-text and TTS for 5+ languages via OpenAI APIs.
- Completed 2 Google Cloud professional certificates (Data Analytics + Cybersecurity) and 2 AWS Academy credentials within 18 months, demonstrating rapid multi-cloud upskilling.

## EXPERIENCE

### Data Analytics Intern — SkylIX Technologies Pvt. Ltd. — Bangalore | Feb 2026 – Jun 2026

- Perform end-to-end data analysis on real business datasets using Python (Pandas, NumPy) and SQL, surfacing actionable insights for internal stakeholders.
- Build and maintain Power BI dashboards that consolidate KPIs across multiple data sources, reducing ad-hoc reporting time by an estimated 40%.
- Apply data-cleaning and EDA techniques to raw datasets, improving downstream model input quality and analysis reliability.

### AI/ML Virtual Intern — Google for Developers | Apr 2024 – Jun 2024

- Preprocessed and performed EDA on structured datasets using Python (Pandas, Matplotlib, Seaborn), preparing clean feature sets for classification models.
- Built and evaluated baseline ML models (Logistic Regression, Decision Trees), achieving functional prototypes aligned with course milestones.

### Cloud Virtual Intern — AWS Academy | Jan 2024 – Mar 2024

- Deployed and configured EC2 instances, S3 buckets, and IAM policies across 3 lab environments, gaining hands-on cloud infrastructure skills.
- Completed AWS Cloud Foundations and Cloud Architecting coursework, earning 2 Credly-verified badges.

### Data Science Workshop Participant — IIT Madras | Mar 2025

- Completed intensive hands-on workshop covering data analysis pipelines, visualisation best practices, and real-world analytics use cases.

PROJECTS

Voice-Controlled AI Assistant — NEXUS | JavaScript, OpenAI API, Web Speech API

- Built a browser-based voice assistant with real-time STT, TTS, multilingual translation, and safe-search filtering using OpenAI APIs.
- Supports 5+ languages with sub-2-second response latency for typical queries; personalisation layer retains user preferences across sessions.

GitHub: [https://github.com/Ragupathichinraj/nexus-virtual-assistant]

Decentralised Voting System | Blockchain, Solidity / Smart Contracts, Web3.js

- Architected a tamper-proof digital voting platform enforcing immutability and data integrity via decentralised smart contracts.
- Eliminated single-point-of-failure risks inherent in centralised voting systems; designed for auditability with on-chain vote records.

SKILLS

Languages: Python, SQL, Java, JavaScript, HTML, CSS

Data & Analytics: Pandas, NumPy, Scikit-learn, EDA, Feature Engineering, Data Cleaning, Data Visualisation

BI & Visualisation: Power BI, Matplotlib, Seaborn, Excel (Advanced)

Databases: MySQL, SQL Server

Cloud / DevOps: AWS (EC2, S3, IAM, Cloud Architecting), Google Cloud Platform, Git, GitHub

AI / ML: Machine Learning, Model Evaluation, Predictive Modelling, NLP (basics), OpenAI API

EDUCATION

|                                                                  |                   |
|------------------------------------------------------------------|-------------------|
| <b>B.Tech — Artificial Intelligence &amp; Data Science</b>       | 2022 – 2026   76% |
| <i>Paavai College of Engineering, Namakkal (Anna University)</i> |                   |
| <b>HSC (Class XII) — State Board</b>                             | 2022   75%        |
| <i>Government Higher Secondary School</i>                        |                   |
| <b>SSLC (Class X) — State Board</b>                              | 2020   65%        |
| <i>Government Higher Secondary School</i>                        |                   |

CERTIFICATIONS

- Google Data Analytics Professional Certificate — Coursera (May 2025)
- Google Cloud Data Analytics Certificate (Credly Verified) — Google Cloud (2025)
- Google Cloud Cybersecurity Certificate (Credly Verified) — Google Cloud (2024)
- Google for Developers AI/ML Virtual Internship — Google (Apr–Jun 2024)
- AWS Academy Graduate — Cloud Architecting (Credly Verified) — Amazon Web Services (2024)
- AWS Academy Cloud Foundations — Amazon Web Services (Jan–Mar 2024)
- Data Science Workshop — IIT Madras (Mar 2025)
- National iOS Development Workshop (Mar 2024)
